

ANNUAL CONSULTANT PREQUALIFICATION INFORMATION

The Connecticut Department of Transportation prequalifies consulting firms annually in accordance with Connecticut General Statutes, Section 13b-20e.

Firms desiring to provide consulting services for the Department in any calendar year must submit the appropriate credentials and qualifications, in the required format, by November 15th of the previous year.

The Department publishes notice in September of each year listing categories of expertise which may be required for the following calendar year along with instructions for submission.

Between September 1st and October 1st of each year, the published notice, general information and instructions, category descriptions and requirements, and the required forms will appear in this location replacing this message.

Projects for which there is no prequalification category will be solicited through public notice and are open to all interested parties.
